

## Benjamin Porchet

Full-stack developer

Swiss nationality

1012 Lausanne

+41 79 103 70 43

benjaminporchet.pro@gmail.com

Active in software development for over 4 years, I'm curious and quick to learn new technologies. I'm looking for a new role where I can apply my skills and keep growing my career.

## Experiences

March 2023 - Today

### Quanthome - Fullstack Developer - Permanent

Typescript - React - Python - Postgres - AWS

In a startup context during its early stages, I actively contributed to all the key phases of product development, with a hands-on, jack-of-all-trades approach:

- **Main product:** co-design and development from scratch with the tech team. From defining the architecture and choosing the tech stack all the way to deploying in production. (React / Node.js)
- **Strategic internal tool:** end-to-end development of a second custom product for internal needs. From ideation to production launch. (Next.js / FastAPI)

December 2021 - December 2022

### Maven - Frontend Developer - Permanent

Javascript - VueJs - PHP - MySQL - Linux

Work done in a web agency for clients with diverse needs:

- Development of a form management tool for a university (Vue.js / Laravel)
- Built a front-end application from scratch for a cybersecurity company (React)
- Developed showcase websites using GRAV CMS (Twig / PHP)
- Conducted website audits for various clients

July 2020 - January 2021

### YantraConnection - Médiaticien - Internship

Wordpress - PHP - Javascript

- Created and maintained the company's e-commerce website
- Visual and UX design of the website

## Side projects

March 2025 - Today

### Mobile application - Itongo Project

- Management application for farmers in Benin
- Lead developer for Java (Spring) and React Native

October 2024 - December 2024

### Script de conversion - UNIL

- File format conversion scripts for digital archives
- Multifunction script developed in Python

July 2023 - May 2024

### Fullstack Application - Runeo Project

- Driver and transportation management platform for music festivals
- Developed with React Native and Laravel
- Teaching and supporting users
- Used by the Eurockéennes and Paléo Festival

## Hard Skills

### Languages & Frameworks

HTML | JS | CSS | Tailwind  
React | Next.js | React Native  
Node.js | Express | Typescript  
SQL | Postgres | MySQL  
PHP | Laravel | Twig  
Python | FastAPI  
Java | Spring

### Outils / DevOps

CI/CD | Docker | Github Actions  
Git | Github | Make | Figma  
Linux | Bash | Terraform  
AWS | EC2 | S3 | IAM | Lambda

## Soft skills

Communication | Customer  
Ownership | Curiosity | Autonomy  
Collaborative mindset

## Spoken languages

French (Mother tongue)  
English (B2)  
German (A2)

## Driver licenses

B, BE, C1, C1E, D1, D1E

## Studies

2021

LeWagon, Fullstack Bootcamp

2016-2019

CFC Mediamatician,  
Web development speciality

2014-2017

Socio-Pedagogical High School
